2. Definition of Health Professional

A person who is licensed, per A.R.S. §32, in: Dentistry and specializes in oral and maxillofacial surgery; Medicine and Surgery; Naturopathic Medicine; Nursing; Osteopathic Physicians and Surgeons; Physician Assistants.

3. Definition of Supervision

A health professional with prescribing authority who is licensed in this state and whose scope of practice allows the supervision, both direct and indirect, supervises the use of a laser or IPL device for cosmetic purposes when and where the device is being used.

4. Training requirements

- MEDICAL Laser operator/safety training can be completed anywhere.
- COSMETIC Laser/IPL operator training must be from BRC approved school.
 List available at azdhs.gov/brc
 - o NOTICE: For any health professional in practice prior to October 1, 2010, <u>proof</u> of 24 hours of training on the subjects listed in A.A.C. Title 9, Chapter 7, Article 14, Appendix C.
- LSO training can be completed anywhere.
- RF (Radiofrequency)/EC(Electrocoagulation)/Diathermy/Tanning operator/safety training can be completed anywhere.

Note: Certified Laser Technicians (CLT) are not eligible for Qualification Approvals. A CLT certificate is sufficient documentation to perform the procedures printed on that individual's certificate; if a CLT would like to additionally serve as Laser Safety Officer (LSO), the individual must present their LSO training certificate AND their CLT certificate during an inspection.

^{**}Self attestations will <u>not</u> be accepted as forms of training verification. If a certificate was not issued, the individual who conducted the training may draft and sign a letter confirming the training occurred and covered the required topics.
