SHAVE OR CUT-THROUGH?

Shave: Rays are cut all the way through. Letters are shaved (skin peeled off, not cut), so they glow a soft orange. Easier, and the letters never fall apart.

Cut-through: Rays AND letters are cut all the way through for maximum glow. Letters use small uncut bridges so the centers of A, O, P and R stay in place. Takes a steady hand.

HOW TO CARVE IT

- 1 Print at 100% (Actual size). The 1 in. square below should measure exactly 1 inch.
- 2 Trim the sheet on the red dashed circle, then snip the short red dashed slits. Paper only.
- 3 Scoop the pumpkin clean. Tape the template to the smoothest side, overlapping the slit flaps so it lies flat.
- 4 Dimple: push a pin or poke tool through every dot. On the shave version, press hard along the solid lines.
- 5 Peel off the paper. Rub a little flour over the pattern so the dots pop.
- 6 Cut the blue pieces with a small carving saw. Small pieces first, big pieces last. Push pieces out from inside.
- 7 Shave version: peel just the orange skin inside the letters with a loop tool or peeler. Do not cut through.
- 8 Light it with an LED candle and put it on the porch.

Tools: pin or poke tool, small carving saw, loop tool or veggie peeler, tape, scissors, LED light.

PUMPKIN CARVING TEMPLATE

SHAVE VERSION | LARGE

Best for: Large pumpkins, 12 in. tall and up

DIFFICULTY 2 / 5

DIMPLE DOTS = CUT THROUGH

Poke every dot, then cut the blue piece out.

SOLID LINE = DO NOT CUT

Score the line, then shave the gray area only.

RED DASHES = CUT PAPER

Paper only. Lets the sheet bend to fit the pumpkin.

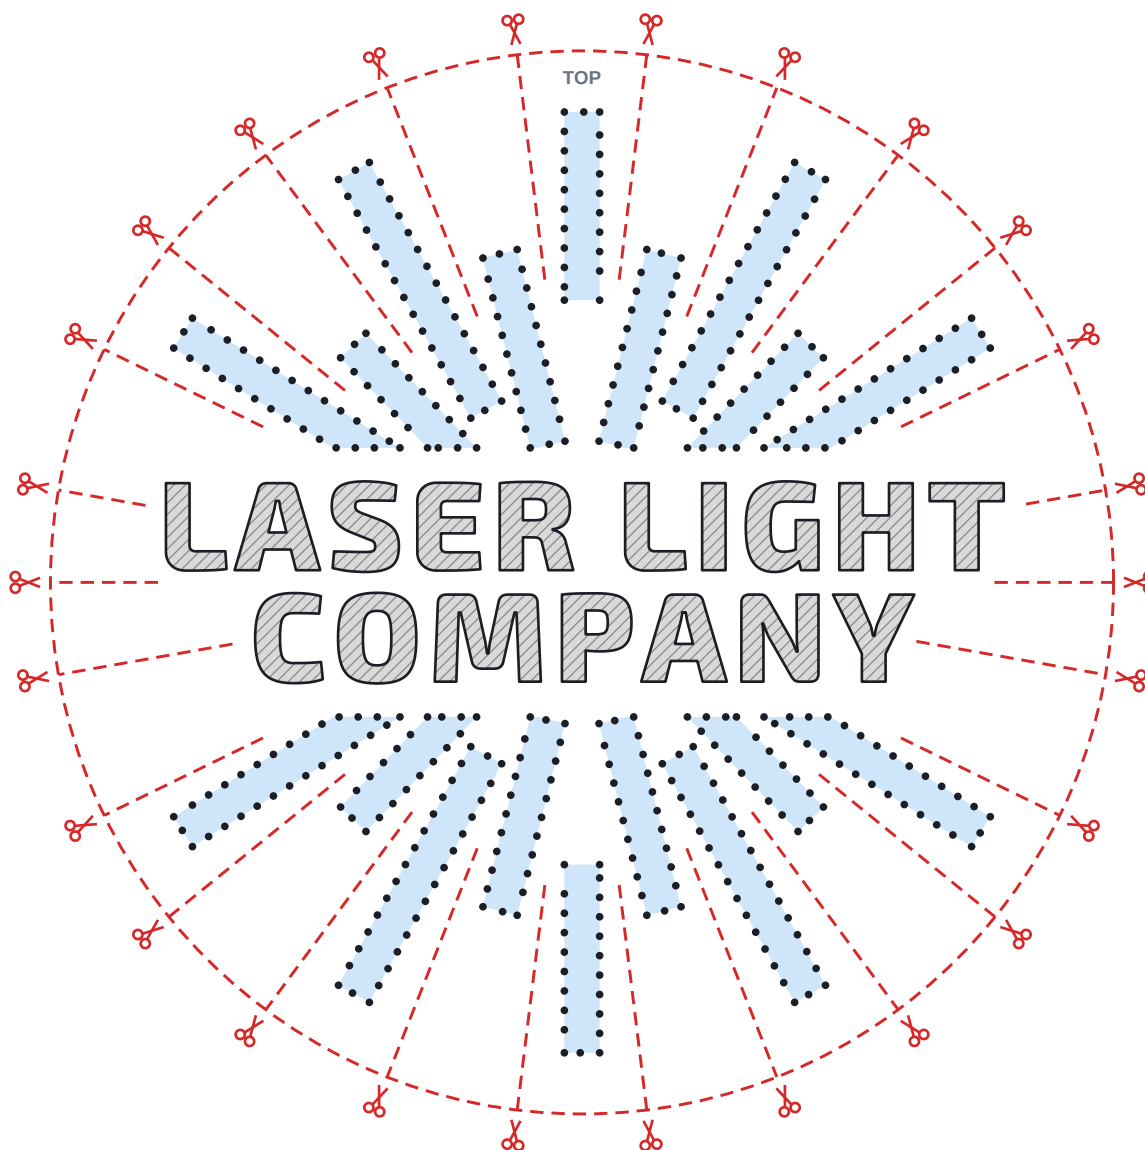

Print at 100% (Actual size). Cut the blue rays first, then shave the letters.

PUMPKIN CARVING TEMPLATE

SHAVE VERSION | MEDIUM

Best for: Medium pumpkins, 9 to 12 in. tall

DIFFICULTY 3 / 5

DIMPLE DOTS = CUT THROUGH

Poke every dot, then cut the blue piece out.

SOLID LINE = DO NOT CUT

Score the line, then shave the gray area only.

RED DASHES = CUT PAPER

Paper only. Lets the sheet bend to fit the pumpkin.

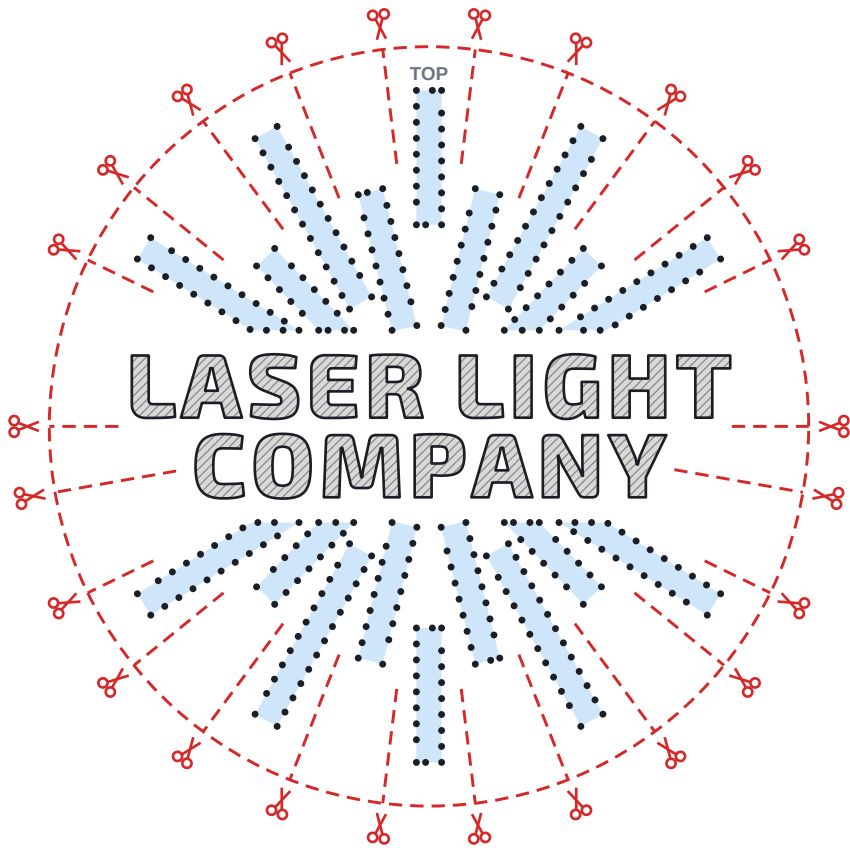

Print at 100% (Actual size). Cut the blue rays first, then shave the letters.

PUMPKIN CARVING TEMPLATE

SHAVE VERSION | SMALL

Best for: Small pumpkins, 6 to 9 in. tall

DIFFICULTY 3 / 5

DIMPLE DOTS = CUT THROUGH

Poke every dot, then cut the blue piece out.

SOLID LINE = DO NOT CUT

Score the line, then shave the gray area only.

RED DASHES = CUT PAPER

Paper only. Lets the sheet bend to fit the pumpkin.

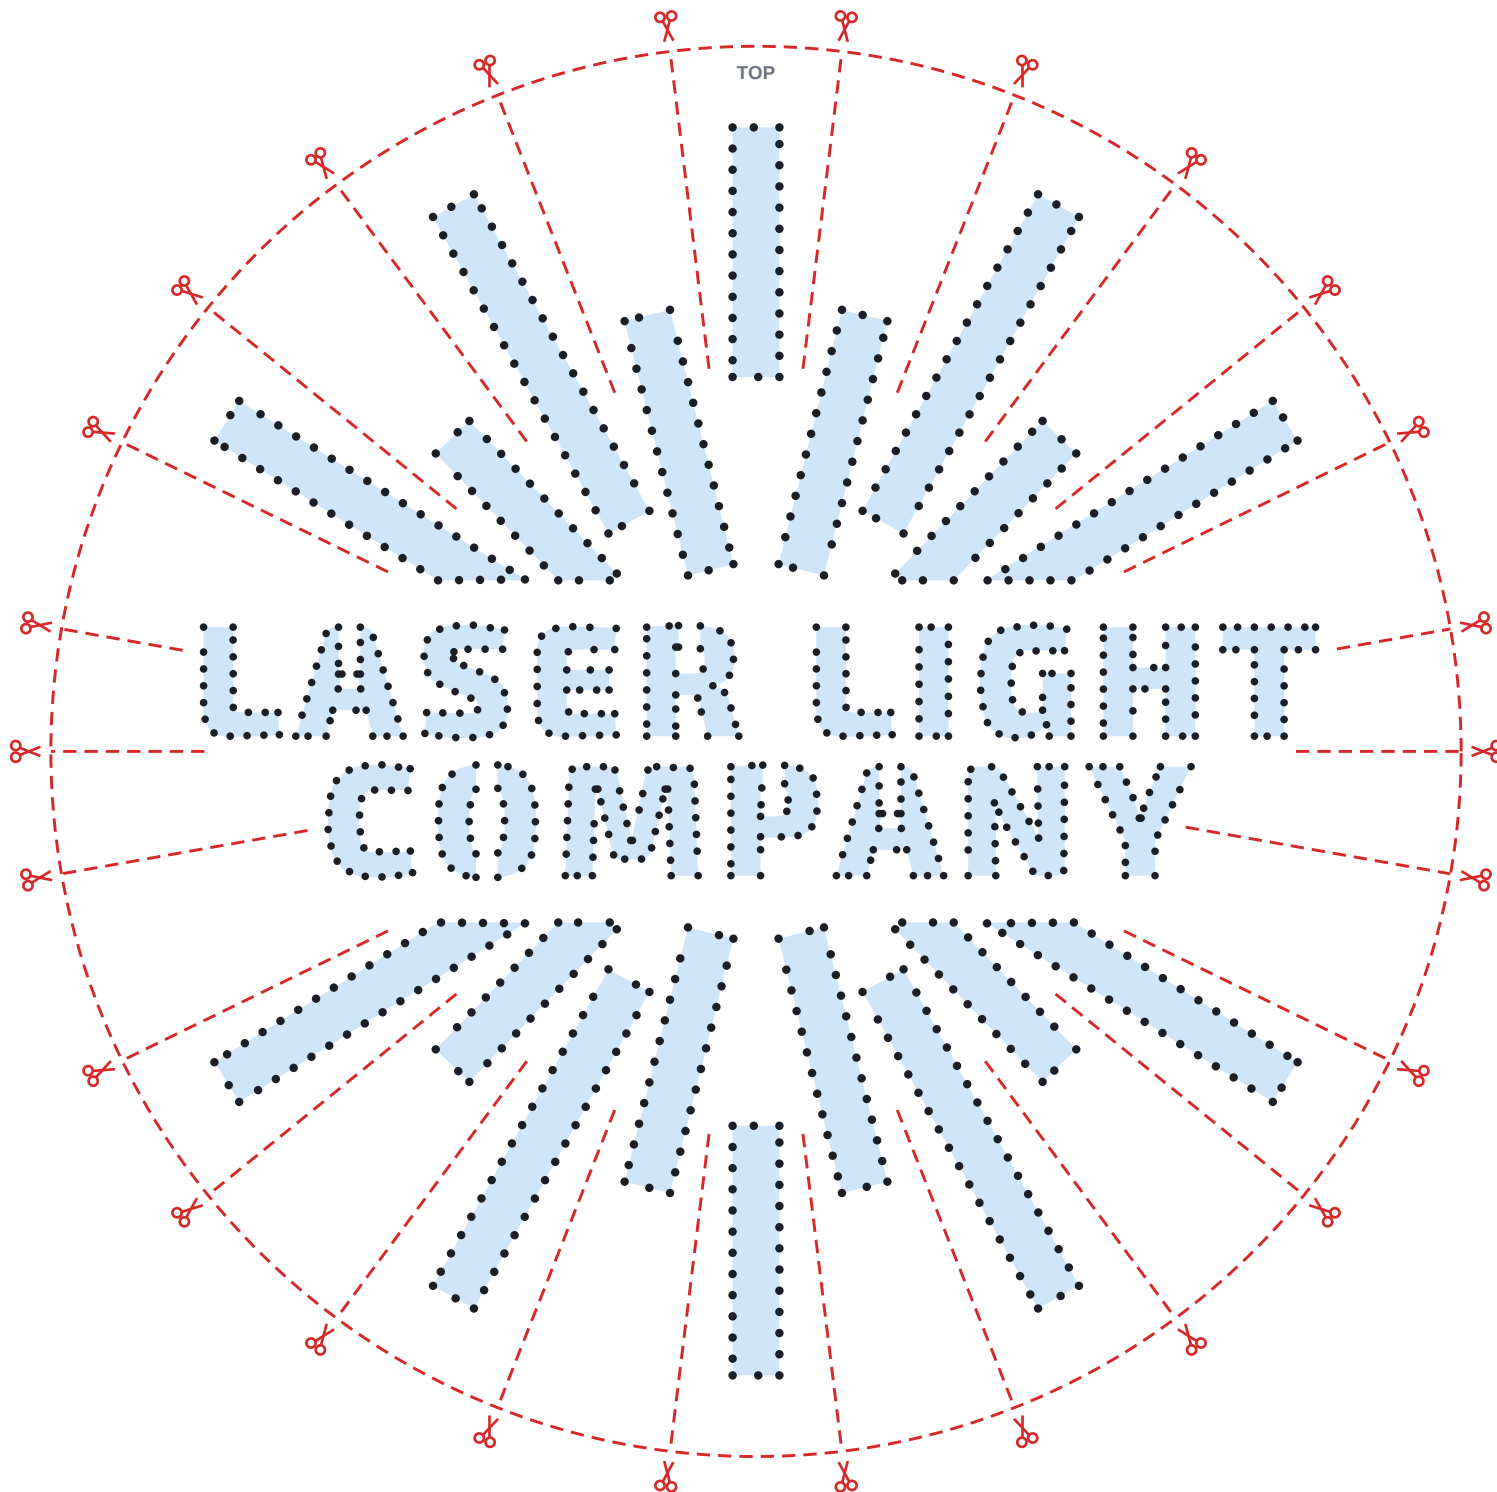

Print at 100% (Actual size). Cut the blue rays first, then shave the letters.

PUMPKIN CARVING TEMPLATE

CUT-THROUGH VERSION | LARGE

Best for: Large pumpkins, 12 in. tall and up

DIFFICULTY 3 / 5

DIMPLE DOTS = CUT THROUGH

Poke every dot, then cut the blue piece out.

WHITE GAPS = BRIDGES

Uncut strips in A, O, P, R. Leave them in place.

RED DASHES = CUT PAPER

Paper only. Lets the sheet bend to fit the pumpkin.

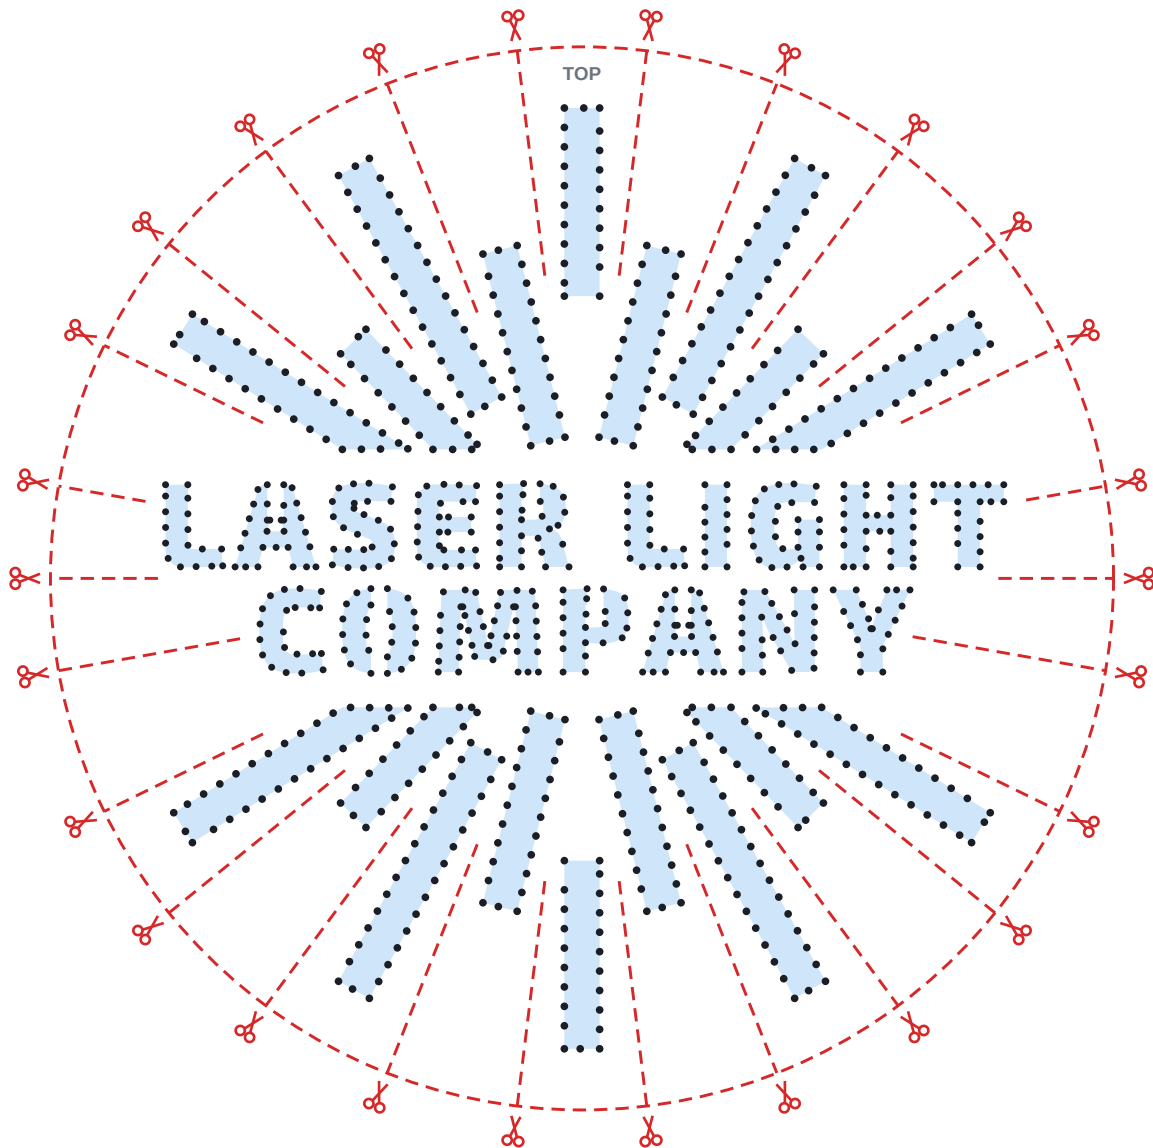

Print at 100% (Actual size). Cut small pieces first, big pieces last.

PUMPKIN CARVING TEMPLATE

CUT-THROUGH VERSION | MEDIUM

Best for: Medium pumpkins, 9 to 12 in. tall

DIFFICULTY 4 / 5

DIMPLE DOTS = CUT THROUGH

Poke every dot, then cut the blue piece out.

WHITE GAPS = BRIDGES

Uncut strips in A, O, P, R. Leave them in place.

RED DASHES = CUT PAPER

Paper only. Lets the sheet bend to fit the pumpkin.

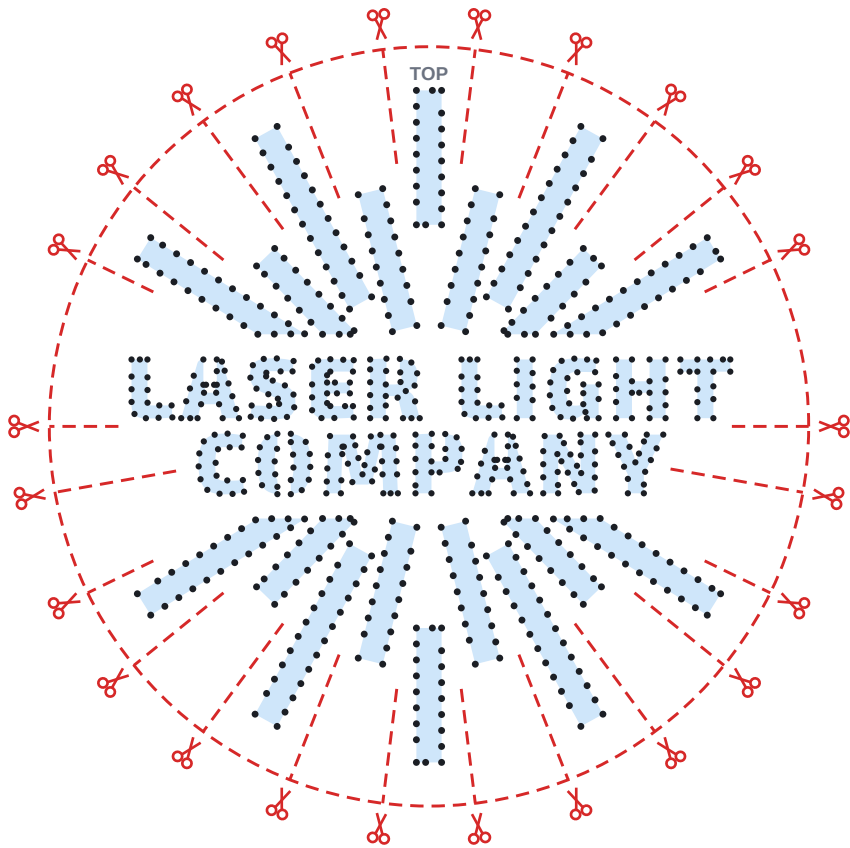

Print at 100% (Actual size). Cut small pieces first, big pieces last.

PUMPKIN CARVING TEMPLATE

CUT-THROUGH VERSION | SMALL

Best for: Small pumpkins, 6 to 9 in. tall

DIFFICULTY 5 / 5

DIMPLE DOTS = CUT THROUGH

Poke every dot, then cut the blue piece out.

SHAVE OR CUT-THROUGH?

- Shave:** The outer ring and the small center drop are cut through. The big circle is shaved, and the thick drop outline stays as untouched skin. Easy and bold.
- Cut-through:** Ring, circle and center drop are all cut through for max glow. White gaps are uncut bridges that keep the drop outline and inner ring attached. Leave them.

HOW TO CARVE IT

- 1 Print at 100% (Actual size). The 1 in. square below should measure exactly 1 inch.
- 2 Trim the sheet on the red dashed outline, then snip the short red dashed slits. Paper only.

SHAVE OR CUT-THROUGH?

Shave: Everything is shaved: the disco ball tiles, DISCO and PRESENTS (Large only).

Nothing falls out, so it is the safest pick. Glows a soft orange.

Cut-through: DISCO is cut through for a bright glow, with uncut bridges in D, O and C.

The disco ball tiles stay shaved so the top of the pumpkin stays strong.

HOW TO CARVE IT
